BrowserStack	<div><div></div></div>

PROJECTS

Physicians Weekly Website

- Worked on a Website constructed in WordPress which provides articles on Health & Lifestyle.
- Created Test Script to perform UI/UX Testing and Smoke Testing on Release Day.
- Implemented BrowserStack Automation for Cross Browser and Cross Platform Testing by running Test Suite.

WORK EXPERIENCE

SENIOR QUALITY ANALYST November, 2023 - April, 2024, PRIMOTECH, MOHALI

- Streamline QA Process by developing Automated Testing Scripts, resulting in increased efficiency and reduced human efforts.
- Performed end to end testing on web applications ensuring an exceptional user experience across various platform and devices.
- Enhanced Software quality by creating comprehensive test plans for the project.
- Authored and maintained well organized, efficient and successful Manual testcases for the entire team.

SOFTWARE TEST ENGINEER April, 2022 - October, 2023 DEV CENTRE HOUSE, MOHALI

- Wrote and optimized testcases to maximize success of manual software testing with consistent thorough approach.
- Conducted Regression Testing, Analysis results and submitted observations to development team.
- Identified and tracked software defects and supported developers in resolving problems by completing additional tests.
- Streamlined QA processes for better efficiency, implementing standardized test cases across multiple projects.

GameSee iOS/Android Application

- Worked on a video game streaming platform. Where Users can Live stream their Gaming skills.
- Created Test Script with Appium to perform smoke testing after major release.
- Performed Database and API testing in order to ensure that the quality of the product is up to the standards.

CarryKaro iOS/Android Application

- Worked on a Pharmaceutical application. Which had similar interface like Zomato. But only thing that was different was that it focused on delivering medicines but not food.
- Performed functional testing based on constructed testcases.
- Performed End to End testing for the product.

QA ANALYST

April, 2020- April, 2022,

MECHCUBEI SOLUTIONS, MOHALI

- Provided regular updates to team leadership on quality metrics by communicating consistency problems or production deficiencies
- Developed and maintained quality assurance procedure documentation
- Boosted customer satisfaction by ensuring high-quality user experiences through rigorous usability testing
- Developed monthly, end-of-quarter and other statistical reports for leadership team and quality improvement programs.

HOBBIES

- Video Games
