SUMMARY

Highly motivated Automation Engineer with 1.5 years of experience in designing, developing, and implementing automated solutions to streamline processes and enhance efficiency. Proficient in programming languages, software tools, and methodologies related to automation. Seeking to leverage skills and experience to contribute to a dynamic engineering team

TECHNICAL SKILLS

- Programming Languages: Java, JavaScript
- Automation Testing Tools: Selenium WebDriver, TestNG, Cucumber
- API Testing: Postman, Rest Assured
- Database Technologies: SQL, MongoDB
- Version Control: Git
- Continuous Integration/Continuous Deployment (CI/CD): Jenkins, JIRA
- Problem-solving and Analytical Skills
- Strong Communication and Collaboration Abilities

EXPERIENCE

Custom Software Engineering Associate(Automation)

Aug. 2022 - Mar. 2024

Accenture - It is a global leader in consulting, technology services, and digital transformation

Kolkata, West Bengal

- Developed and maintained automated test scripts using Selenium WebDriver and other testing frameworks to validate functionality, performance, and security of web applications.
- Designed and implemented robust automation frameworks utilizing technologies such as TestNG and Cucumber, significantly reducing manual testing efforts and enhancing test coverage.
- Collaborated with cross-functional teams including developers, QA engineers, and product managers to identify test requirements and create comprehensive test plans.
- Conducted testing to ensure the stability of software releases and implemented continuous integration (CI) pipelines using Jenkins for automated build and deployment processes.
- Implemented API testing using tools like Postman and Rest Assured to validate data integrity and functionality of RESTful services
- Contributed to improving testing strategies and methodologies, leveraging industry best practices and emerging technologies to enhance overall testing efficiency.
- Provided technical support and training to junior team members on automation best practices and tools.

EDUCATION

Techno Main Salt Lake

Kolkata, West Bengal

B.Tech in Computer Science and Engineering (CGPA - 8.26)

2018 - 2022

ACHIEVEMENTS AND CERTIFICATIONS

- Python (Udemy)
- AWS - Solutions Architecture Virtual Experience Program(Forage)
- IICS: Cloud Data Integration Services R41(Informatica)
- Automation Testing(Udemy)
- 3 Star in SQL on Hackerrank
- 3 Star in Problem Solving on Hackerrank
