Rajat Pandey

rajatpandey068@gmail.com | +91-7054427121 | https://www.linkedin.com/in/rajat-pandey-a29255136/

Quality Analyst with over 2.5 years of experience in both automation and manual testing. Proficient in setting up testing frameworks, creating comprehensive test plans, performing detailed product analysis, and effectively logging and tracking bugs. Known for being a collaborative team player with a keen ability to learn new technologies and methodologies quickly.

PROFESSIONAL EXPERIENCE

Quality Analyst-A1 APPS   **Feb 2023-Present**

- Conducted thorough app testing across multiple platforms, including Android, iOS, web, MacBook, and Windows, ensuring consistent performance and high-quality user experience
- Performed in-depth product analysis using tools like App Metrica and Google Firebase to monitor app performance, analyze user behaviour, and identify areas for improvement.
- Validated APIs and wrote scripts for testing, ensuring reliable and efficient communication between software components.
- Developed and executed detailed test plans and automation scripts, streamlining testing processes and reducing manual effort.
- Conducted performance testing using JMeter, identifying and addressing performance bottlenecks to ensure smooth app functionality.
- Successfully decreased the crash rate of apps by 4-5%, increased user retention rate by 1.5%, and improved user ratings from 3.9 to 4.4 across various apps.
- Participated in sprint planning, collaborating with development teams to prioritize tasks, ensure timely delivery, and maintain high-quality standards

SOFTWARE TEST ENGINEER- Azeus Convene India Pvt ltd.   **July 2021-Nov 2022**

- Conducted comprehensive testing of applications through various methods including regression testing, functional testing, data integration testing, core functionality testing, cross-browser testing, and compatibility testing to ensure robust software performance
- Identified, tracked, and logged bugs using tools like Jira and Redmine, maintaining a meticulous record of issues for resolution.
- Performed thorough API testing and wrote detailed test scripts to validate endpoints and ensure seamless integration between different software components.
- Executed cross-browser testing to ensure consistent functionality and user experience across multiple web browsers.

EDUCATION

GALGOTIAS UNIVERSITY   **July 2017 - June 2021**
Bachelor of Technology in Computer Science Engineering

SKILLS

- Selenium, TestNG, Maven, Cucumber, BDD, BrowserStack, Postman, JMeter, Jenkins (CI/CD Pipeline), JIRA, Click UP.
- Manual Testing, API Testing, Functional Testing, Regression Testing, Performance Testing.
- JSON,JAVA,XML,SQL, Agile Methodology , Defect Tracking and logging, Root Cause Analysis, Test Case Creation.
